1. APR = Annual Percentage Rate. APR is your cost over the loan term expressed as a rate. Rates are subject to change prior to the completion of the loan. Your actual APR will be determined at the time of disbursement and may vary based on credit score, collateral, and loan terms. If you qualify, we can give you a quote for the current rate and most loan documents can be signed electronically.

2. The variable APR is calculated by adding the index rate to a loan margin between 4.50% and 7.50% based on creditworthiness at account opening. The index is the U.S. Prime Rate as published in *The Wall Street Journal* and is subject to change quarterly. The APR will not exceed the maximum permitted by applicable law.

3. The variable APR for purchases and balance transfers equals the U.S. Prime Rate plus a margin of between 4.50% and 7.50%, based on your creditworthiness at account opening. The variable APR is subject to change, with the U.S. Prime Rate, as published in *The Wall Street Journal* on the first day of your billing period that begins in January, April, July and October. Cash Advances have a fixed APR of 18.00%.

Protect Your Family  
Against Holiday Scams

The holiday season is a peak time for shopping, and unfortunately, it's also a time when scammers get busier, too. One way to protect yourself from fraud is to make your purchases or charitable donations using a card that comes with fraud liability coverage like an NCPAFCU Visa® Credit or Debit Card.<sup>1</sup>

Here are additional precautions  
you can take:

When shopping:

- Avoid offers that sound too good to be true
- Be wary of making purchases through social media
- Research unfamiliar sellers before purchasing
- Never pay a merchant outside of their normal checkout process

When buying gift cards:

- Check for signs of tampering before purchasing (i.e., PIN seal is scratched off, stickers are removed)
- Keep your purchase receipt

When giving to charitable causes:

- Research the charity before donating
- Be cautious when pressured to donate; this is often a sign of a scam

When you have questions about order  
and delivery statuses:

- Contact shipping companies directly for more information
- Check on the status through the site where you purchased the item
- Caller IDs and phone numbers may be fake, even if they appear to be legitimate; be wary of unsolicited calls and texts

1. Visa Zero Liability Policy for unauthorized purchase transactions means you are not responsible for fraudulent transactions on your card if you promptly notify us of any unauthorized use. For additional details visit Visa's Zero Liability Policy.
